## Water Conservation/relevant information

### 1. RAIN WATER HARVESTING

Maulana Azad Memorial College, Jammu has begun with rain water harvesting by installing Rooftop-Rain Water Harvesting Structure of administrative block. There are a total of 03 drainage lines that are connected to underground tank. This practice is playing a key role in the recharging of the ground water table.

## 2. Bore well

### 3. Maintenance of water bodies and distribution system in the campus: Tube Well

The College has well defined water distribution system from tube wells ( 02No) within the college campus, which cater the need of drinking water, water for washroom and for watering the plants. Two tube wells in the college campus not only supply water to college only but to nearby localities also.
